NOTICE-AND-ACCESS

Notice is also hereby given that the Company has decided to use the notice-and-access method of delivery of meeting materials for the Meeting. The notice-and-access method of delivery of Meeting materials allows the Company to deliver the Meeting materials over the internet in accordance with the notice-and-access rules adopted by the Ontario Securities Commission under National Instrument 54-101-*Communication with Beneficial Owners of Securities of a Reporting Issuer* and National Instrument 51-102 – *Continuous Disclosure Obligations* (the “**Notice-and-Access Provisions**”). Under the Notice-and-Access Provisions, Shareholders still receive a proxy or voting instruction form (as applicable) enabling them to vote at the Meeting and may choose to receive a hard copy of the Circular. However, instead of a paper copy of the Circular, the annual financial statements and related Management Discussion and Analysis (MD&A) and other Meeting materials, Shareholders receive this notification with information

on how they may access such Meeting materials electronically. The use of this alternative means of delivery is more environmentally friendly as it will help reduce paper use and will also reduce the cost of printing and mailing materials to Shareholders.

Shareholders are reminded to view the Meeting materials prior to voting. The Company will not use procedures known as ‘stratification’ in relation to the use of Notice-and-Access Provisions. Stratification occurs when a reporting issuer using the Notice-and-Access Provisions provides a paper copy of the information circular to some shareholders with a notice package. In relation to the Meeting, all Shareholders will receive the required documentation under the Notice-and-Access Provisions, which will not include a paper copy of the Circular.
